## New cafeteria opening

By Cathy Rogers

In order to cope with increased use at its present cafeteria, Conestoga College's Dining Campus is opening a new one.

Kevin Muller, director of student life, "The main reason for this new cafeteria is to make some space for all the people who come."

Quay Latta, chef for River Foods, said, "The new cafeteria will be a completely new experience for the students."

The new cafeteria is located in rooms 1000 and 1001 at the technical wing of the college.

Muller said the college is opening the new cafeteria to give people more of the food service they need.

Yvonne Latta, manager of the new cafeteria, said the new cafeteria will be a completely new experience for the students.

Kevin Muller, director of physical education in Conestoga, said he hoped the cafeteria would be opened by Sept. 19 or 20.

and just under 100 people.

The new cafeteria will provide better food service and will be open to all students, staff and faculty. The new cafeteria will be open to all students, staff and faculty.

# Conestoga president going to India

by Wendy Colton

Conestoga College President John Tabala will leave for a "shopping trip" to India in an effort to secure a permanent campus in the east of the island.

"With assistance from the Government of Canada/Conestoga College (ACCOC) and the Canadian International Development Agency (CIDA) to be part of a four member team which will study India's post secondary education system. The other four team members are from the colleges

providing

It is the purpose of this trip will be to determine what a Canadian college could have provide education, such as our facilities development.

Tabala and his partners in the mission to India because of the work Conestoga College provided in the United Arab Emirates (UAE). The college recently completed a construction development project for its new college which opened the fall in the UAE. The project cost the college \$500,000 in expenses.

Various including Tabala will leave for India on Sept. 22, and will travel through New Delhi, Bombay and Madras before returning to Canada on Oct. 18.

While in India, Tabala will meet with representatives from the country's colleges and universities and attempt to sell its post-secondary education, and tourism.

"The trip was arranged because CIDA has targeted India as a priority country in need of assistance," he said. All expenses associated with the trip will be paid by the ACCOC.

Tabala said the trip will benefit the college because it will enable him to identify any future work opportunities for Conestoga in India.

Any work the college can get its assistance will allow it to make a contribution to post-secondary education, as well as generate revenue and provide opportunities for faculty development, he said.

While opportunities are available in India, there often in Conestoga's involvement in this exploratory stage. "The right other there will have an impact into its education program," said Tabala.

John Tabala

# ENTERTAINMENT

## Teenage Head: high-energy rock and roll

By Michelle McLean

The band's initial position in the 1970s was somewhat of a joke, as some of the early songs were so simple and primitive.

David Byrne, David Byrne, Larry Mandel and Jack Packer, the four members who were the main force behind the band, were the main force behind the band.

Although Teenage Head seemed to disappear from the rock scene, it has been the main force behind the band's success.

According to band member David Byrne, the band's success is due to the fact that they were the first to play live.

Byrne, who played lead guitar, said that the band's success is due to the fact that they were the first to play live.

But Byrne's band played live, and it was the first to play live.

Byrne said he can't remember the band's first live performance, but he can remember the band's first live performance.

Byrne said the band's success is due to the fact that they were the first to play live.
